Riverfront Pioneer Cabins, LLC

Riverfront Pioneer Cabins boasts three historic, hand-hewn log and chink cabins from the 19th century. All are located with almost 16 acres of riverfront access to the Shenandoah River in Luray, VA. Book all three, Daniel Boone, Buffalo Bill, and Bass Reeves, to accommodate 30 guests and enjoy the completely modernized interiors blending with the traditional log cabin feel. The traditional feel is inspired by the stone wood-burning fireplaces, exposed beams, and antique furniture.

All three cabins include air conditioning for warm summer nights, indoor fireplaces to keep away the chill in the spring and fall, and full heating for the snowy, winter months. So, whether you have friends or family visiting, are looking for a romantic staycation for two, or just a quiet family stay on the Shenandoah River, Riverfront Pioneer Cabins has accommodations to suit your needs. Additionally, the cabins are a great getaway for bridal parties, their families, and guests - they do not host wedding ceremonies or receptions, but rather offer a location to continue the wedding celebration into and through the weekend.

Riverfront Pioneer Cabins opened in October 2018. Jennifer Whitlock, Ian Whitlock, and Chris Palmer purchased the property in June 2018 and quickly decided it was too magical not to share with guests. Through perseverance and tenacity, the help of the community and friends, the trio worked through VDOT regulations and finally obtained their business license and opened just 6 months ago. Learn more at www.airbnb.com/users/137963487/listings or contact Jen Whitlock at (804) 698-0496 or jenmwhitlock@outlook.com.

Secure Home Inspections, LLC

Secure Home Inspections has been in business for 9 years serving 19 counties in the Shenandoah Valley and Northern and Central Virginia. The business aids clients in evaluating their future home by helping them to understand the current condition of the structure and to plan for the future. Offering home and radon inspections, as well as HUD/FHA reconstruction consultation services, pre-purchase and pre-sale home

inspections, new home construction inspections, and more, the team is ready to help anyone looking to buy a home personally or with a real estate team.

Thomas, Amy, and Jasmine Mitchell make up the Secure Home Inspections team. Tom was a Senior Builder/Superintendent for Camberly Homes, a division of Winchester Homes, for over 10 years when the housing bubble burst. In February 2009, Tom lost his job as the company was going through its 3rd set of layoffs and the Mitchells had just put down a contract on a new house. With his years in residential construction, Tom “decided to make lemonade out of the lemon’s from the housing crash by taking on the crazy mantle of entrepreneurship, creating Secure Homes Inspections, LLC.”

The housing market has begun picking up and Secure Home Inspections is now offering appointments on Saturday and Sunday as well. Learn more about their services at <https://securehomeinsp.com> and keep up with their special discounts and offers at www.facebook.com/SecureHomeInspection. Contact the Mitchells for more information at (540) 860-0744 or office@securehomeinsp.com.

Dear Member,

Our 2019 Community Guide & Business Directory is officially out! If you receive the Page News & Courier in your mailbox or pick up your copy from the vendors each Wednesday, we're sure you've seen the guide already and we sincerely hope that you find it to be a beneficial resource for the whole Page County community. We are so excited to reveal the new format for this annual directory showcasing our Chamber of Commerce members.

We have printed 6,000 copies of the guide, which have been distributed via the newspaper and will be handed out by the Luray-Page County Chamber of Commerce & Visitor Center office and in our relocation packets to visitors looking to move to the area. We want to send a special THANK YOU to our amazing sponsors who opted to take an ad in the guide and who, therefore, helped make this publication possible. We hope you will swing by the office to pick up a copy for yourself or give us a call and we'll happily send you one in the mail.

Our staff collaborated for months with Jim Austin of Page Marketing Solutions to design and format the guide to fit our vision and we sincerely hope that you enjoy the information found within the pages. Check out the cover below and feel free to tell us what you think of the final product!

Sincerely,

Gina Hilliard
